RE: Sayre Streetscape Project – Desmond Street Phase 1

Dear Business Owner,

Vacri Construction Corporation has been contracted by Sayre Borough to replace the sidewalks and curb in front of your property on Desmond Street. As part of the project, we will begin removing sidewalk and curb on the East side of Desmond Street near the intersection with West Hayden Street starting on **8/7/2023**. We will work North to the intersection with West Packer Avenue then switch to the West side of Desmond to work South back to West Hayden Street. We will finish the project by replacing both ADA ramps at the intersection with West Lockhart Street along with the South ramp at the intersection with Chacona Lane. Access to your business from Desmond Street will be maintained as much as possible during this time.

The sidewalk which is under contract to be replaced will not extend all the way to your building. It will be possible to replace your sidewalk simultaneously with the contract work. More information about this service, including pricing, can be obtained from Sayre Borough. We appreciate your patience as we work to complete this project.

Sincerely,

---

Colton Lawton, Project Manager
